Ellie Taylor called me this morning, looking for a solid ColdFusion developer in south Florida.

Beacon Hill Technologies is seeking a Coldfusion/SQL Developer for a direct hire or contract position with a large financial company in Coral Springs FL.

Required Skills:

- Expert in Coldfusion (5+ years/current)
- Advanced skills in MS-SQL
- Strong skills in Java, JQuery and Crystal Reports
- Must be able to design, develop and document
- Local Area Candidate Preferred
- Position is Onsite in Coral Springs

Top 3 skills:

- Certified in Coldfusion
- Strong in SQL- They will be doing extensive updates to the database
- Strong Java/Jquery skills

This opportunity is for a long term contract if you are interested but only looking for permanent this can be negotiated. The opportunity is with a large fast paced financial firm. The reason for the need is due to their tremendous growth this past year.

Please feel free to reach me (**Ellie Taylor**) directly, they are looking to do interviews this week.
